

THE SPRINGS

RESORT & GOLF CLUB

why become a corporate member?

We are incredibly proud of our golf course, and how much it has improved over the last few years. More than £1.5m has been invested on the golf course since Verde Resorts purchased The Springs and we are now a GEO Certified course, a highly regarded sustainability distinction awarded to only 2% of golf courses in the UK.

In 2021/22, we made further improvements across the facility, and continued our £20 million investment plan in The Springs, transforming every aspect of your golf experience. This included improving our existing clubhouse with a new restaurant and spike bar, the addition of two brand new state of the art GC Quad swing studios, a putting lab, a new car park, new greenkeepers facility as well as improvements to the current practice ground. This makes it a truly enjoyable place to enjoy your golf.

Finally, we completed our luxury lodge accommodation, luxury hotel accommodation along with a brand new reception and spa.

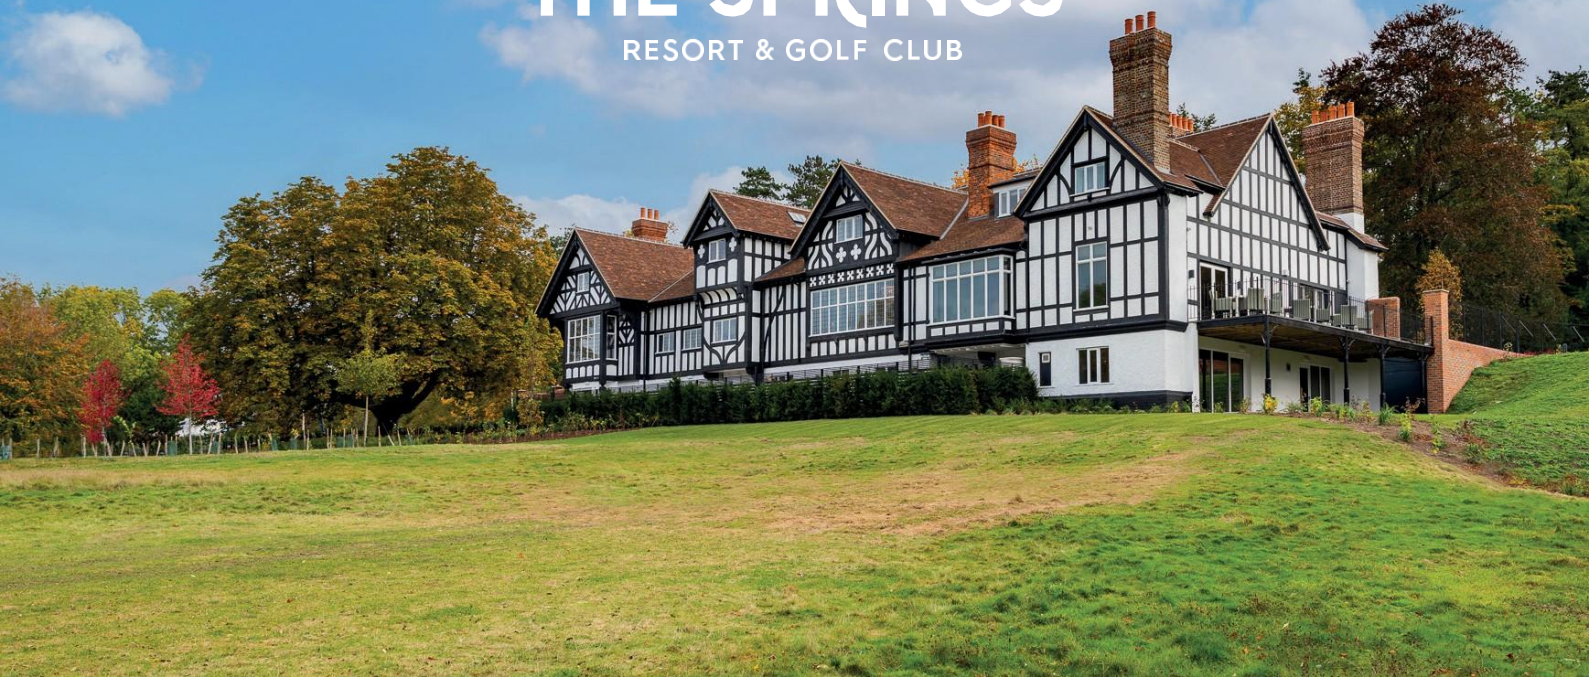

We believe The Springs Resort & Golf Club is one of the very best state-of-the-art golf facilities in the region.
